Personal SWOT analysis for new learning in this course:

Strength	Weaknesses
1- Organized into workshops and have clear timeline and give access to mentors from industry related areas.	1- N.A yet.
Opportunities 1- Chance to get more knowledge about SDN technology and more technical software development experience. 2- Chance to know more people who are interested in the same topic.	Threats 1- Time spent in non-technical discussions "i.e. social, psychological, managerial, philosophical …etc "
