SWOT ANALYSIS

Primary factors

S — Strengths

- Eager to learn more
- Has some previous knowledge about programming
- Has some knowledge about app development
- I'm native to Sweden (if we get to work with a Swedish company I know the culture and language)
- I like to work in groups

W — Weaknesses

- Inexperienced in projects(haven't worked with big projects before)
- Inexperienced in working (haven't had a real "employment")
- A bit of a slow adapter (prefer using the technology and programming language I already know if I get to choose)

O — Opportunities

- Learn to know new people
- Get contacts and experience
- Learn how to apply project knowledge in real life
- Experience for bigger projects

T — Threats

- I prefer not work with marketing and graphical design as I am more technical in nature.
- Preferably avoid iOS programming (do not own a MAC computer at the moment)
